

# Ancient of Days

Written by Paul Jackson

**Am7**            **F**            **C**  
Beauty of the ages, You are God and You are Holy

**G/B**

You are Lord and You are King

**Am7**            **F**            **C**

And here You are, Jesus, You laid Your life down for me

**G/B**

You died and rose again

**Dm7**            **F**            **Dm7**            **G**

What shall I say to this, that You would call me friend

**G** **G/B**            **F**            **C**

Oh, Ancient of Days, I long for Your ways

**G/B**            **F**            **C**

Come shine like the dawn in my heart

**G/B**            **F**            **C**

Oh, Ancient of Days, please show me Your ways

**F**

I want to run with you, my Lord

**F**                            **Am7**                            **G/B**

'Cause You brought life to me, You caused these eyes to see

**F**

You took me from the darkness and You brought me into light

**Am7**            **Dm7**            **G**    **G/B**

You are all I need and I long to know You more
