 You stretched out the heavens, the whole universe

 You are God the Almighty, still You call me friend

 You call me friend
 E
 Yet I am a leper

 You call me friend,

 And embrace me with love
 A
 You call me friend
 B C#m7 A
 Even though I've betrayed You
 F#m7 Bsus B
 You call me friend
 E
 You call me friend

F C#m7
 To the intimate circle, where wise men belong,
 A F#m7 Bsus B
 Lord You invite me, in spite of my wrong
 F C#m7
 With Your grace You surround me, and erase all my sin
 F F#m7 Bsus B
 With Your heart flung wide open, You welcome me in

(Chorus)
