HOW SHOULD WE THEN LIVE

```
   E                B
In light of Your amazing grace
    C#m              A
You died for us and took our place
   E                B
In view of how You dealt with sin
    C#m                 A
And brought us to Your heart again
```

```
F#m         A        E
How should we then live?
F#m         A        E
How should we then live?
```

Because we've seen and we have heard
The truth of Your unchanging word
In lieu of Your own guarantee
To bring us to eternity

```
BRIDGE:
           F#m
We should live by the faith
A              E
Of the Son of God
           F#m
We should live by the faith
A              B
Of the Son of God
```
