

**Congress of the United States**  
Washington, DC 20510

April 16, 2021

The Honorable Joseph R. Biden Jr.  
President of the United States  
The White House  
1600 Pennsylvania Avenue  
Washington, D.C. 20502

Dear Mr. President:

As members of the West Virginia Congressional Delegation, we write to support Governor Jim Justice's request for a federal disaster declaration for the State of West Virginia in response to the severe winter weather that affected Cabell, Jackson, Lincoln, Mason, Putnam, and Wayne Counties the week of February 10-16, 2021. This major weather event caused significant loss of essential services, such as power and water access, as well as, significant damage to our roadways, due to downed trees.

On Tuesday, February 16, 2021 Governor Jim Justice declared a state of emergency for Cabell, Lincoln, Putnam, and Wayne Counties, mobilizing the state's resources for emergent needs. Two days later, on February 18, Jackson and Mason Counties were added to the emergency declaration as over 66,000 West Virginia homes were without power and over 400 were either without water or under a boil water advisory. The West Virginia Division of Highways, the West Virginia Division of Forestry, and the West Virginia National Guard coordinated with Health and Welfare teams of law enforcement officials and medics to access remote areas and aid isolated residents, many of which were elderly. Cabell, Lincoln, Mason, Putnam, Ritchie, and Wayne Counties established 14 shelters and 4 warming stations for impacted residents.

To access federal disaster aid, West Virginia Governor Justice has made a request for a declaration of a major disaster for the State of West Virginia. This request was submitted April 12, 2021, under the provisions of Section 401 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act, 42 U.S.C. §§ 5121-5208 (Stafford Act). We respectfully request that you review this request for Public Assistance Category A Debris Removal and Category B Emergency Protective Measures for Cabell, Lincoln, Mason, Putman, and Wayne counties expeditiously, and give it all appropriate consideration. Based on the State of West Virginia and the Federal Emergency Management Agency's damage assessment, the damage across these five counties is upwards of \$5.3 million. We also request that you give full consideration for the Governor's request for Hazard Mitigation throughout the entire state.

We commend the tireless efforts that local citizens and first responders put forth during the disaster and in the aftermath to protect our citizens. Thanks to their heroic efforts, there were no reported injuries or loss of life due to this disaster, despite the ongoing COVID-19 pandemic that has already strained local governments and first responders. We thank you for your consideration of this request and again urge you to support West Virginia's ongoing recovery with a federal disaster declaration.

Sincerely,

Joe Manchin III  
United States Senator

Shelley Moore Capito  
United States Senator

David B. McKinley, P.E.  
Member of Congress

Carol D. Miller  
Member of Congress

Alex X. Mooney  
Member of Congress
