

# SYNC Service for AASHTOWare® Project

The SYNC Service for AASHTOWare Project provides automatic synchronization of data between the Info Tech® Mobile Inspector™ application or the Info Tech® Field Interviewer™ application on a smartphone or tablet and the AASHTOWare Project SiteManager, the AASHTOWare Project FieldManager, or AASHTOWare Project Construction & Materials software.

The Mobile Inspector application can be used with either the AASHTOWare Project SiteManager, the AASHTOWare Project FieldManager, or AASHTOWare Project Construction & Materials software. The Field Interviewer application is used with the AASHTOWare Project Civil Rights & Labor software. SYNC Service for AASHTOWare Project includes a secure storage and transmission service for the AASHTOWare Project SiteManager, FieldManager, Construction & Materials and Civil Rights & Labor applications and a plugin is not required.

Both of the applications below can be used on tablets or smartphones, can be used online or offline, and can accommodate any size contract. These applications are available, free of charge, from the iTunes, Google Play, and Windows stores.

## Info Tech Mobile Inspector

Info Tech Mobile Inspector is an application that enables inspectors to collect the data required for a construction daily work report, including item progress, contractor workforce information, site conditions, and photos.

## Info Tech Field Interviewer

Info Tech Mobile Inspector is an application that enables inspectors to collect the data required for a construction daily work report, including item progress, contractor workforce information, site conditions, and photos.
