

## Our Pastors

Becky & John Hart, Kyle Doebler

Dear Friends:

Liberty is a place where you will find a group of people from a wide variety of backgrounds who are discovering the newness of life that comes through knowing Jesus Christ. Together, we're striving to become the kind of church described in the Bible – a church with welcoming worship, caring friendships, deepening prayer and compassionate care for those in need.

Everyone – *from our very youngest to our oldest members* – has a special place in this family of faith. We are large enough to fill your needs – and small enough to need *you*.

We invite you to join us for worship – and much more!

Blessings,  
Becky & John Hart, Co-Pastors
