

Mother's Day Math

Name _____

Pretend that you want to take your mother, aunt, grandmother, or any other special friend or family member out for Mother's Day.

1. Write an expression that can be used to determine the cost for a adults and c children to eat brunch at this restaurant.
2. Make a list of the people who will be eating brunch, including you. How much would it cost your family to eat at this restaurant?
3. You must pay 6% sales tax. Show how to figure out the amount of tax you have to pay for your family's meal.
4. *Gratuity* is another way of saying a *tip*. Most people consider 15% to 20% to be a polite tip. Decide what percentage you would like to leave for a tip. Then show how to figure out the amount of the tip.

Ratio Restaurant's Annual
