Eagle HT O-Rings:

- O-Rings for Powered live and motor driven roller conveyors
- Available in Translucent Blue (3/16") and Translucent Red (.210")
- Designed to be installed at 20% installation tension

Material and Color	Part Number	Dimensions
Eagle Red 85 HT	5408907	.210 x 11-1/8"
Eagle Red 85 HT	5408947	.210 x 13-7/8"
Eagle Blue 85 HT	5408984	3/16" x 7-1/2"
Eagle Blue 85 HT	5408983	3/16" x 9-1/2"
Eagle Blue 85 HT	5408877	3/16" x 9-5/8"
Eagle Blue 85 HT	5409008	3/16" x 11-15/16"

Material and Color	Part Number	Dimensions
Eagle Green 85 HEHT	50927612	.210 x 12"
Eagle Green 89 HEHT	5408948	3/16" x 12-3/4"

Eagle HEHT O-Rings

- O-Rings for Powered live and motor driven roller conveyors
- Available in Green (3/16") and Black (.216")
- Designed to sit below roller surface when installed at 24% tension

Eagle Twisted O-Rings:

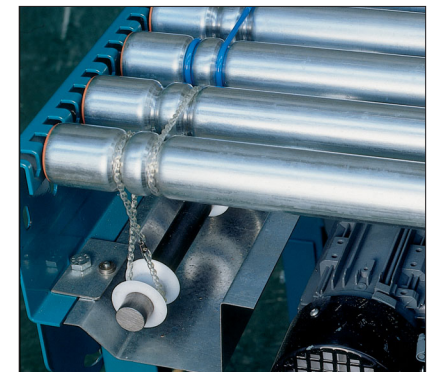

- Twisted O-Rings are an ideal fast fit solution for live roller conveyors
- Twisted loop construction packaged with metal hooks. Plastic hooks also available
- No need to dismantle drive components

Eagle Fabricated Belts:

Let us do the work for you and take the hassle out of fabricating your own endless belts

- Available in all Eagle Belting colors and durometers (except Can Cable)
- Rapid order turnaround

Material and Color	Part Number	Dimensions
Eagle Clear 85	5050003	3/16" x 6"
