

Parking

One parking space is available in the parking lot directly across the street from the loft. The passes do not permit you to park on the street. **Failure to comply with any parking procedures may result in the vehicle being towed at the owner's expense.**

The parking pass needs to be returned to the Loft before your departure or a \$25 fee will be assessed.

Parking on many Newport streets require a resident permit from 6pm to 6am May-October. Please be aware of any signage noting additional city rules and regulations.
