

Parking

Two parking spaces are available in the Wellington Resort's parking lot behind the street from the Loft (the driveway is accessed via Thames). The spots are not designated, but please put a parking pass (found in your loft) on your dash. The passes do not permit you to park on the street. **Failure to comply with any parking procedures may result in the vehicle being towed at the owner's expense.**

The parking passes need to be returned to the unit before your departure or a \$25 fee/pass will be assessed.

Parking on many Newport streets require a resident permit from 6pm to 6am May-October. Please be aware of any signage noting additional city rules and regulations.
