

Parking

Parking for two cars is available and they are designated with signs in the parking lot, directly in front of the Loft. Please put a parking pass (found in your Loft) on your dash. The passes do not permit you to park on the street. **Failure to comply with any parking procedures may result in the vehicle being towed at the owner's expense.**

The parking passes need to be returned to the Loft before your departure or a \$25 fee/pass will be assessed.

Parking on many Newport streets require a resident permit from 6pm to 6am May-October. Please be aware of any signage noting additional city rules and regulations.
