

## Parking

Two parking spaces are available in the parking lot directly next to the loft. The spots are not designated, but please put a parking pass (found in your loft) on your dash. The passes do not permit you to park on the street. **Failure to comply with any parking procedures may result in the vehicle being towed at the owner's expense.**

The parking pass needs to be returned to the Loft before your departure or a \$25 fee will be assessed.

Parking on many Newport streets require a resident permit from 6pm to 6am May-October. Please be aware of any signage noting additional city rules and regulations.
