

## **Breakfast**

A signature dish is prepared by one of our Innkeepers each morning between **8:00am – 10:00am**. We welcome you to gather in our dining room or seasonally in our courtyard as your Innkeeper prepares you a delicious breakfast.

Please alert the Innkeeper of any food allergies or dietary restrictions as soon as possible.

A Keurig machine is located in the dining room; complimentary coffee and tea are available 24/7.

Please note, if you prefer a simpler fare, yogurt, cereal and fruit are available along with juice and coffee.
