## New Campus Closure Update Email

Email to Parents, Board of Directors, Students, Faculty, Staff

Dear Brentwood Family,

We had a great day yesterday (Thursday) with our “packet pickup!” Thanks to our teachers and parents for continuing to work together to support our students learning. Even in these challenging and changing times, the Brentwood EAGLE SPIRIT is strong! As you are aware, Governor Kemp has ordered all public schools in Georgia to close for the remainder of the school year; however, he states that online learning will continue. Brentwood will follow the governor’s request to close the physical school, but we will continue with our distance learning plan for the remainder of the year.

Our faculty and staff remain committed to the academic excellence and our strong sense of family throughout this unprecedented time. We are also equally committed to making sure that the health of our school family is of primary importance.

We know that this news causes many mixed emotions, especially by our Senior students and families. We will continue to develop creative ways to carry out our end-of-year ceremonies, and we will communicate those details when finalized. We welcome any feedback or suggestions you may have regarding these events that take into consideration the current social distancing and other restrictive guidelines.

To the Class of 2020, please know that we are working diligently to ensure that you are honored and celebrated. Our community loves you and supports you, and we know it hurts not to have the senior events you’ve always looked forward to. While we can’t guarantee when graduation will happen, we are committed to honoring you in person when it is safe for us to come together as a school family.

Please enjoy your spring break and time with your family. Thank you all for your supportive comments to us as we navigate this time. We appreciate each of you, and we will continue working hard for each one of our families and children. Stay safe!

Best Regards,

Danny Howell
