August 5, 2015 Illinois Gun Pros (Answers Below) All of these questions apply to a person with an Illinois Driver's License 1) You can only shoot someone if your life is in danger. (True/False) 2) You can walk around the parking lot of a county courthouse carrying a secret. (True) (WRONG) 3) You can only carry one hidden firearm at a time. (True) (WRONG) 4) Your gun may be in the seat next to you in your car and will not have to be in the case or bag as long as it is hidden from the image. (True) (WRONG) 5) If you are in a prohibited parking lot, you need to empty the gun before putting it in the trunk of your vehicle. (True) (WRONG) 6) If you are in a public event like a festival, you may not carry it in secret. (True) (WRONG) 7) Your employer may have you arrested for a gun in your car in the company's parking lot. (True) (WRONG) 8) Each state adjacent to Illinois recognizes Illinois' License to Carry. (True) (Wrong) ANSWERS: 1) Wrong. The law states that you can use 'deadly force' if you think you are in reasonable fear of major physical harm, and also to protect another person - not just yourself. 2) True. Parking space and real estate are not prohibited, although they do not move into a courthouse. 3) Wrong. The law does not set a limit on how many weapons you can carry; they just need to be concealed and pistols. 4) True. The gun may be 'on or about the person' but if you leave it in the car, then it should be a container and either container or car should be locked. 5) Wrong. This rule change came into effect in July 2015, so you don't have to empty it before you leave the vehicle. However, it is required to go directly to the trunk to ensure the safety of firearms. 6) True /False. While most festivals are 'special events allowed', they are NOT ALL. Some small towns will even close the streets for a festival, but they don't have permission issues, which means it's legal to move there. Check with the police department or the city to be sure. 7) Wrong. You could get fired, but it's not a crime. Illinois has a Safe Harbor provision that allows you to keep weapons in your car as long as a container and either container or car are locked. The container can be a glove box or a center console. 8) Right. You can move it in 23 more states, including all those bordering Illinois, but you have to comply with their laws. Unless asked if you are carrying it, a law enforcement officer is under no legal obligation to inform. However, it is a good idea to do so. 2) True. As long as you 'pass' it is not just in the park, but on a footpath passing through a park, but rather the trail just passes through the park. 3) True. However, it is forbidden to carry in buildings. 4) True. All sentences are a misdemeanor as well as a charge of carrying while drunk. 5) Wrong. There's nothing in the law that requires the gun to be discharged. 6) Right. Obviously, the gun doesn't have to be in a container while it's with it (just hidden), but when you leave the vehicle, there should be some container. The glove box and center console deserve it, but it would be better to secure a locked box/portable. 7) True. While most people lock their vehicles, as long as the container is locked, the vehicle doesn't have to be locked. 8) Right. It's a tough one, because most universities expand all over the town where they're in. You can always walk a public road. However, if the pavement is not a university-owned sidewalk (like the walkway leading up to every building), then the public is not right-of-way and you are violating the law.
