

Tugce Baser, Ph.D., M. ASCE

Tugce Baser, Ph.D., M. ASCE, is an assistant professor in the Department of Civil and Environmental Engineering at the University of Illinois Urbana-Champaign, USA. Her research group focuses on subsurface characterization, multiphysics of geomaterials, climate-change-related geotechnics, and emerging approaches in geotechnical engineering. Over the years, Dr. Baser has been awarded honors by international institutions and invited as a keynote speaker. She received her PhD degree in Geotechnical Engineering from University of California San Diego in 2017.
