

Raffaele Di Laora

Raffaele Di Laora is Associate Professor of Geotechnical Engineering at the University of Campania 'Luigi Vanvitelli'. His research interests include pile foundations, with special focus on the design and analysis of piles under seismic actions, retaining walls, slope stabilization techniques, and thermal piles. He is a member of the working group on the International TC212 Guidelines on Piled Rafts, as well as the Italian Recommendations on Pile foundations. He serves as the Secretary of the Technical Committee (TC212) on pile foundations of ISSMGE. Dr. Di Laora authored or co-authored more than 40 papers in International Journals and serves as Associate Editor for 2 International Journals.
