

## CALL FOR ABSTRACTS FOR TECHNICAL PAPERS

Submit here: [www.dfi.org/India2022](http://www.dfi.org/India2022)

ABSTRACT PORTAL OPENS: 20 Jan 2021

ABSTRACT DEADLINE: February 19, 2022

DFI of India (DFII) is organizing its 11<sup>th</sup> annual conference in September 2022. Please submit an abstract and participate in this prestigious event.

Abstracts for original technical papers relevant to the conference theme are invited for DFI-India 2022 Annual Conference on *Deep Foundation Technologies for Infrastructure Development in India*. The conference will be held on **15-17 September 2022**. The banner of the conference is **Collaborate, Learn, and Educate**.

The objective of the conference is to present and deliberate the successes and failures of geotechnical foundation construction in major projects helping the industry to select the right philosophy and procedures for future adoption. The conference will seek to present current research in advanced foundation design and practice pursued by technology institutions.

Interesting case studies on foundation planning and construction solutions emerging from the collective wisdom of the owner, designer and constructor including deployment of rightly skilled manpower that enables smooth project implementation will be the other highlight of the conference.

DFI of India welcomes all stakeholders of the foundation and geotechnical industry from India and abroad to share their valuable experience in research and domain expertise which will aid in enhanced productivity, safety, and quality standards.

The authors of accepted abstracts shall be requested to submit a full-length paper in the prescribed format. The papers after expert review of two rounds will be published in the Conference Online Proceedings. Selected papers will be invited for the presentation during the conference. DFI of India plans to bring out a volume of the 'Lecture Series in Civil Engineering' by Springer Nature.

Two or more among the accepted papers will be judged for the best paper awards with free registration for the conference.

Guidelines for submitting abstracts and full-length papers are available online at [www.dfi.org/India2022](http://www.dfi.org/India2022)

Check the abstract themes & submission deadlines on the next page.

## Abstracts are accepted on the following themes:

**Theme 1:** Deep Foundation and Deep Excavation Techniques for Metro and High Speed Rail.

**Theme 2:** Innovative techniques & Testing for Geotechnical Investigations; Monitoring, Performance, and QA-QC of Deep Foundations.

**Theme 3:** Challenges to Working and the Impact of Existing Codes with Respect to Technical Innovations in Deep Foundations.

**Theme 4:** Ground Improvement Techniques for Mass Stabilization.

**Theme 5:** Geotechnics for Marine, Near-shore, and Coastal Construction.

**Theme 6:** Research, Experimental and Numerical Methods in Deep Foundations and Deep Excavation Technologies.

**Theme 7:** Mono-piles and Other Advanced Deep Foundation Systems.

**Theme 8:** Deep Foundations in Coralline and Carbonate rocks, and any other unique and interesting papers related to deep foundation themes.
