DFI and Conference Chair Sue Frank and Program Co-Chairs Christopher Ramsey, P.E., Jeff Segar, P.E., S.E., and Edward Laczynski, P.E., invite you to submit an abstract for a 2.5-day technical seminar on the effective application of deep foundations, ground improvement and soil mixing for stabilization of slopes and excavation support.

The goal of the event is to provide presentations and panel discussions on current technologies, design, research and case studies for challenging slope and landslide repairs, excavation support and slope stabilization projects using deep foundations and ground improvement methods. Presentations highlighting analysis and performance of excavation support systems in urban areas, and challenging subsurface conditions are encouraged.

An exhibit hall of material, equipment and service providers is also part of this event.

**Submission Deadline:**
Wednesday, January 10, 2024

Submit your 300-word abstract at www.dfi.org/S3-2024 or scan the QR code.

**Presentation Themes**

DFI is soliciting presentations for S3 2024 on:

- Anchored Earth Retention
- Drilled Shafts
- Ground Improvement
- International Grouting
- Landslides and Slope Stabilization
- Information Management Systems
- Risk and Contracts
- Seismic and Lateral Loads
- Slurry Walls
- Soil Mixing
- Subsurface Characterization for Deep Foundations
- Sustainability
- Testing and Evaluation
- Tunneling and Underground Structures

**Topics and case studies, including (but not limited to):**

- Design
- Rockfall Stabilization
- Slope Nailing and Stabilization
- Challenging Soil and Rock Conditions
- Grouting
- Ground Improvement
- Safe Working Platforms
- Groundwater Effects and Impacts
- Quality Control, Monitoring and Inspection
- Specialty Exploration Methods
- Risk and Contracts, Including Litigation
- Support of Excavation Near Sensitive Structures
- Stabilization Methods in Tunnels

**Important Dates:**

Abstract submission deadline: **Wednesday, January 10, 2024**

Abstract notifications of acceptance: **Wednesday, February 7, 2024**

PowerPoint presentations due: **Friday, July 12, 2024**
