NOURISHING THE DEVELOPMENT OF CHILDREN

By Addressing Hunger

1 in 6
U.S. children
don't know where
their next meal will
come from.

Kids who are hungry don't do as well in school, can't focus and are more likely to have behavior problems.

LACK OF ACCESS TO MEALS IN THE SUMMER

22

million kids during the school year

Only 3.8

million kids in the summer

An estimated 12.7 percent of American households are food insecure – which means over 13 million children are living in food insecure households.

When school is out during the summer months, many of the children who receive free/reduced meals at school lose access.
