If the document preview cannot load in the window due to the manual's file size, it can still be downloaded using the link below. Farberware Pressure Cooker Model Number: WM-CS6004W Download Manufacturer Website. Farberware Thanks to our browser Roger for scanning his tutorial to share with you. To connect or bookmark to this document, please link to this page, and not directly link the PDF file (it won't work). Thank you. Hip information: Electrical pressure multi-cooker which cooks only at high pressure of 70kpa (approx 10psi) for all cooking programs except for Slow Cook (P1) and Brown/Sear (P9). No minimum requirement is noted for this cooker in the manual, so make sure to use at least 1 1/2 cups of liquid (standard for most electric pressure cookers) for all Recipes. When you set a custom cooking time for this cooker, select any program from P2 to P8 and adjust the cooking time according to the recipe – note the P3 Rice/Risotto program won't allow you to adjust the cooking time. According to readers, the Slow Cook setting works like the low setting of a conventional slow cooker. Make sure to bring the recipe to a boiling point with the salt's surroundings, before switching to the Slow Cook setting and using it with the lid and locking the valve. Farberware 7-IN-1 (1st gen) Print cooker error codes Error CodeMeaningRecomged actions E1Bottom sensor open circuitUnplug the unit, let it cool completely, and then restart. E2Bottom sensor short circle Unplug the unit, let it cool completely, and then restart. C1OverheatUnproug the unit, let it cool completely, and then restart. E8Pressure protection not working.
