

C-155

FEATURES & BENEFITS

- traditional shopping cart design with enhanced strength and durability
- trademark contemporary design with sleek, curved chassis and basket provides a stylish addition to your store
- narrow cart width fits most aisles while maintaining maximum shopping capacity
- seamless welded metal frame for added basket strength and to prevent corrosion
- double wire on top of basket frame for stability
- fixed lower tray for reduced noise and greater durability
- corner bumpers included to prevent damage to product and fixtures and for customer safety
- purse hook encourages shoppers to hang bags outside of the basket, keeping baskets free for shopping
- 5" non-marking wheels ensure that your store's floors stay clean

OPTIONS

- cart finish: e-coat base layer + powder coat top layer
- standard frame colors: black, metallic grey
- custom colors: PMS match with 250pc min. order
- custom branding: silk screen logo handles, full color View Handle, basket panels, advertising panels
