

## Commercial Four Glass Door Worktop / Under Bench Display Fridge 700mm Depth

This X-series models are created with the busy kitchen in mind, making them perfect for pubs, restaurants, and bars. The GNX4100TNG features four double-glazed glass doors, which are all equipped with self-closing mechanisms, designed to save you time and simultaneously provide higher efficiency in cooling and overall energy usage, saving you time and money. As standard, this fridge is fitted with heavy-duty castor wheels for easy placement on your premises. The high-grade stainless steel and insulation used in the construction allow the unit to withstand an ambient temperature of 43°C. With considerations for the purpose of maximising usage of its 553L capacity, centre shelf connectors are included. A Carel digital controller is fitted with a Cubigel compressor, providing automatic defrost and specifically designed dual-fan-forced ventilated cooling.

The X-series has been designed with dual fans located at the front and side of the unit. This design frees up the rear ventilation space, allowing you to position these models flush against the back wall. All you are required for ventilation is to provide 150mm at the side and the front clear from obstructions.

R290 Refrigerant is non-toxic, natural, and free of ozone-depleting properties. R290 is one of the most climate-friendly and cost-effective refrigerants available. Fridges and Freezers using this refrigerant are more efficient and can reduce your overall energy costs by up to 28%.

When you buy from AG Equipment, you know you are getting a twenty-four-month parts and labour warranty from a trusted Australian supplier.

### Carel iJF Controller

The new iJF controller is by CAREL, with more than thirty years of experience in the refrigeration controller market. Customisation options, aesthetics and functionalities have been considered when commissioning the controller. Its frameless flat design and distinctive appearance blend perfectly into any fridge or freezer appliance.

- Provides Logs
- Fault alarm warnings
- Mobile connectivity with Controlla Application through Bluetooth

### Appearance

- Carel iJF Digital Controller with NFC and Bluetooth connectivity
- Stainless steel worktop
- Four double-glazed doors
- Internal LED lighting

### Construction

- Stainless steel body and glass doors
- 553L capacity
- 8 adjustable wire shelves (2 per door)
- Centre shelf connectors
- Pre-installed castor wheels
- 43°C and 65% Humidity Ambient Temperature
- Cubigel compressor

### Operation

- CONTROLLA mobile app is available on Android and Apple App Stores
- Electronic and Remote temperature control
- The temperature set range is between +2°C and +8°C
- Fan-forced ventilated cooling

### Installation and Maintenance

- This unit must be placed, leaving clearance for ventilation. Please refer to the user manual for details.
- For optimal performance and longevity, the condenser filter on this unit must be cleaned monthly.

## SPECIFICATION

AMBIENT TEMPERATURE	43°C / 65% Humidity
CAPACITY	553 Litres
CURRENT	3.2 Amp
ENERGY CONSUMPTION	8 KWh/24h
FREQUENCY	50Hz
INPUT POWER	320W
INTERNAL DIMENSION MM	1670(w) x 580(d) x 560(h)
PACKAGE DIMENSION MM	2275(w) x 750(d) x 880(h)
PRODUCT DIMENSION MM	2230(w) x 700(d) x 850(h)
PRODUCT WEIGHT	137 Kg
REFRIGERANT	R290/90g
SHIPPING WEIGHT	144 Kg
