

ADR-350

DOUGH ROUNDER

 **BakerMAX**

PERFECT FOR PIZZERIAS AND BAKERIES

10 Variable Speeds

Offering 10 adjustable speeds, our rounder delivers precision and versatility far beyond the industry standard.

User-Friendly Control Panel

Clear digital speed display with an intuitive, user-friendly panel — making operation simple and precise for everyone.

Teflon-Coated Auger

The Teflon-coated auger ensures smooth rounding, even with high-hydration doughs up to 70% — no sticking, no hassle, just perfect results.

Stainless Steel Tray

Equipped with a food-grade stainless steel tray — strong, hygienic, and easy to clean, ensuring durability and efficiency in every batch.

Roll it easy, Lock it firm

Easy to move, steady when you need — four wheels with brakes for maximum flexibility.
