

Benchstar 20L Hot Water Urn - WB-20/10

Quick Overview

- 20 Litre Hot Water Urn - WB-20/10
- Mirror finish stainless steel body, 265mm \varnothing (320 including handles) x 510H
- Strong ability to supply hot water
- Temperature is precisely and intuitively controlled via a rotary dial with clearly marked levels for different temperature settings.
- Working Temperature range: +30 to +100 $^{\circ}$ C;
- The temperature limiter shall cut off automatically after the water has boiled.
- Turn on the power, and the pilot light is glowing. After the water has boiled, the green will glow, and the temperature of the water should be maintained.
- The stainless steel handle is wrapped in heat-resistant Bakelite to provide insulation and enhance user safety.
- Non-drip tap with water level
- Concealed elements for easy cleaning

Description

Benchstar 20L Hot Water Urn - WB-20/10

Hot Water Urn Description : The water urn features a mirror-finish stainless steel body and delivers reliable hot water with a powerful concealed heating element for easy cleaning. The rotary dial allows intuitive and precise working temperature control from 30 to 100 $^{\circ}$ C, with an automatic limiter for boil protection. Dual indicator lights signal heating and keep-warm modes, while the non-drip tap with water level ensures clean dispensing. A heat-resistant Bakelite-wrapped stainless steel handle enhances safety during use. Ideal for offices, catering events, community centres, and hospitality venues that require consistent hot water service. Key features
