

Bezzera Victoria PID 2 Group Espresso/Coffee Machine (Green) - BZVICTORIAPID2GV

Quick Overview

- **Multi-Boiler System**
Energy-efficient multi-boiler system for high-volume service.
Independent boilers maintain stable group temperatures.
Dedicated copper service boiler supplies steam and hot water.
- **Precise Extraction**
PID control provides precise extraction temperature management.
TFT display controls temperature, doses, and extraction times.
- **Cleaning & Safety**
Automatic backflushing simplifies daily cleaning and maintenance.
Cool-touch steam wands improve comfort and operator safety.
- **Group Heads: 2**

Description

Bezzera Victoria PID 2 Group Espresso/Coffee Machine (Green) - BZVICTORIAPID2GV

The Bezzera Victoria PID combines advanced espresso technology with refined Italian design, delivering exceptional performance for busy cafés and professional coffee venues. Leather, wood and mesh inserts complement its strong contemporary lines, creating a distinctive machine that enhances any front-of-house environment.

Its energy-efficient multi-boiler system features a dedicated copper service boiler for steam and hot water, plus independent boilers for each coffee group. PID temperature control, an intuitive TFT display, and stable hydraulic architecture ensure precise extraction, consistent quality, and reliable performance throughout demanding service periods.

Key Features

- **Multi-Boiler System**
Energy-efficient multi-boiler system for high-volume service.
Independent boilers maintain stable group temperatures.
Dedicated copper service boiler supplies steam and hot water.
