Berkel

Home Line Plus

"The quality of a professional slicing experience."

Home Line Plus - A Revolution in the world of electric slicers

Home Line Plus 200-250

Among the many new features of this model, the most striking one is its new design, combining aesthetic and functionality, according to Berkel tradition, in a modern and futuristic design. Moreover, its motor block ensures improved performance, even when slicing harder products.

Not to mention the blade cover with a continuous profile to ease the cutting movement and the gauge plate with a diagonal opening to help the slice to exit. The CE-certified safety lock and the revamped product pressholder increase safety, minimising risks and ensuring fuss-free cleaning.

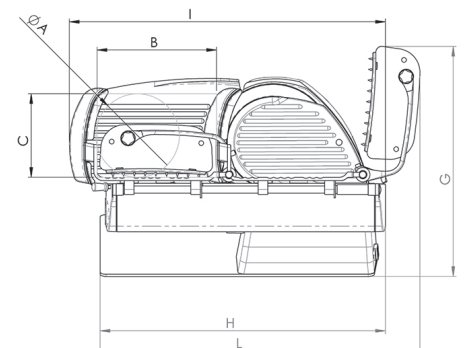

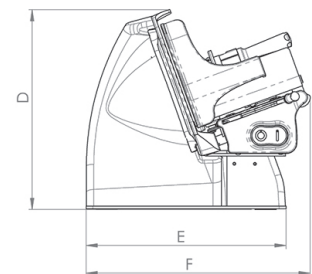

Home Line Plus comes in a cardboard packaging box featuring minimal design and graphics to reduce hard-to-recycle waste. The box will also include the easy-to-use blade removal.

Let's talk digital! The slicer will incorporate an NFC tag to allow consumers to access Berkel's extra content through their smartphones.

Features:

- Extremely compact in size
- Specific aluminum alloy casting and baseplate, and polymer feet, for total stability during slicing
- Rapid food grade aluminum blade cover removal system for an easy cleaning of the blade
- Chromed steel blade with professional profile reduces waste and ensures even slices
- Professional motor for amazing results
- Slices up to 18mm with millimetre accuracy
- Blade remover included
- Inclined food plate for an effortless and more precise slicing
- CE safety lock: when tilting the carriage, the thickness gauge plate remains closed to prevent the risk of cutting during cleaning operations
- Automatic shutdown of the machine in case of power failure
- Meat carriage tilts for easy cleaning
- For home use only

Specifications:	HL Plus 200	HL Plus 250
Blade Diameter	195mm	250mm
Maximum Slice Thickness	18mm	18mm
Size: Width (F) x Depth (I) x Height (D) (mm)	328 x 530 x 292	340 x 552 x 315
Cutting Capacity Round	140mm	183mm
Cutting Capacity Rectangle mm	200 x 140 H	200 x 183 H
Motor 240V	190W	190W
Weight	12.5kg	14.5kg
