BRUGNETTI
GIULIA
 STANDARD, WOOD, LED & COMPACT

The Brugnetti Giulia is a versatile and customisable espresso machine designed to meet the diverse needs of cafés and hospitality venues. Available in Standard, Wood, LED, and Compact versions, the Giulia combines reliable performance with aesthetic flexibility. Its heat exchange system allows for simultaneous brewing and steaming, while

electronic programming offers precision in coffee delivery. With its robust construction and Italian craftsmanship, the Giulia is an ideal choice for venues seeking both functionality and style.

Available in 2 or 3 Group

Accommodates varying volume requirements for different settings.

Adjustable Hot Water Tap

Provides flexibility for various beverage preparations.

E61 Group Heads

Renowned for thermal stability and consistent extraction.

Heat Exchange Boiler System

Enables simultaneous brewing and steaming operations.

Manual Steam Taps

Allows baristas to control steam delivery for milk texturing.

Customisable Design Options

Available in Standard, Wood, LED, and Compact versions to suit different aesthetics.

Electronic Coffee Dosing

Programmable for four levels of coffee to ensure consistency.

Stainless Steel Construction

Ensures durability and longevity in high-demand environments.

Made in Italy

Crafted with premium materials and authentic espresso heritage.
