BRUGNETTI

VIOLA COMPACT

COMPACT COMMERCIAL – VOLUMETRIC

The Viola Compact is a powerful commercial espresso machine designed for high performance in tight spaces. It features dual group heads, a 7L heat exchange boiler, 10 amp power, a rotary pump and motor, joystick steam and hot water taps, and a durable stainless steel body. With the option to connect directly to mains or use the built-in water tank, the Viola

suits a variety of setups. Volumetric shot control ensures consistency, while manual overrides offer flexibility. Proudly made in Italy, the Viola Compact delivers professional results in cafes, offices, or mobile coffee operations.

2 Group Heads

Brew two espressos simultaneously—ideal for high-demand service.

Volumetric Dosing

Programmable for consistent, repeatable espresso shots.

E61 Group Heads

Industry standard for temperature stability and extraction performance.

7L Heat Exchange Boiler

Large capacity supports continuous brewing and steaming.

Manual Override Function

Gives baristas full control over the extraction process.

Dual Water Source

Operates via built-in water tank or can be plumbed to mains.

2400W Heating Element

Fast heat-up time and stable temperature control.

Commercial Rotary Pump

Delivers consistent pressure for superior espresso quality.

Made in Italy:

Crafted in Italy with premium materials and authentic espresso heritage.
