## PRODUCT OVERVIEW

The CAMBRO Camshelving Premium Vented Add-On Unit expands an existing Premium stationary shelving run by sharing a post with the adjoining unit. In a straight-line installation, the shared-post design preserves weight-bearing performance while reducing duplicated uprights. The four removable vented shelf levels promote airflow and simplify cleaning in demanding commercial storage environments.

## KEY BENEFITS

- Connects to an existing Premium stationary unit without separate add-on clips or S-hooks.
- Straight-line shared-post installation retains the shelving system's weight-bearing performance.
- Removable, dishwasher-safe shelf plates support thorough routine cleaning.
- Suitable for walk-in coolers, freezers, dry stores and wet storage areas.

## Configuration and installation details

Select the final model code and confirm the installed shared-post footprint.

### AVAILABLE NOMINAL SIZES

| DEPTH                     | SHELF LENGTH                                              | HEIGHT                       |
|---------------------------|-----------------------------------------------------------|------------------------------|
| 460 mm   540 mm<br>610 mm | 610 / 760 / 910 / 1070 mm<br>1220 / 1375 / 1525 / 1830 mm | 1630 mm   1830 mm<br>2140 mm |

### MODEL-CODE GUIDE

Example: CPA244872V4480 = Premium add-on, 610 D x 1220 shelf L x 1830 H mm, 4 vented shelves, Grey.

|        |       |        |        |         |        |
|--------|-------|--------|--------|---------|--------|
| CPA    | 24    | 48     | 72     | V4      | 480    |
| SERIES | DEPTH | LENGTH | HEIGHT | SHELVES | COLOUR |

### SHARED-POST INSTALLED-LENGTH GUIDE

The add-on contributes less run length than its nominal shelf length because it shares one post with the adjoining unit.

| NOMINAL | ADD-ON ACTUAL | NOMINAL | ADD-ON ACTUAL |
|---------|---------------|---------|---------------|
| 610 mm  | 565 mm        | 1220 mm | 1175 mm       |
| 760 mm  | 718 mm        | 1375 mm | 1328 mm       |
| 910 mm  | 870 mm        | 1525 mm | 1480 mm       |
| 1070 mm | 1023 mm       | 1830 mm | 1778 mm       |

#### PLANNING EXAMPLE

CPA244872V4480 has a nominal 1220 mm shelf length but contributes approximately 1175 mm to a straight shared-post run.

### INCLUDED COMPONENTS

- One post kit with adjustable feet and post connectors.
- Eight traverses and removable vented plates for four shelf levels.
- Matching dovetails and components for attachment to an adjoining unit.

### CONNECTION AND CLEANING

- Shares posts with a Premium stationary unit in a straight line.
- Optional corner connectors support L-, T- or U-shaped layouts.
- Shelf plates are dishwasher safe; wipe or steam-clean the frame.

#### COMPATIBILITY NOTE

This add-on unit is not a complete freestanding shelving unit. It must attach to a CAMBRO Camshelving Premium stationary Starter Unit or a compatible Premium stationary run. Verify the complete CPA model code and final layout before ordering; corner connectors and other accessories are optional unless stated in the quotation.
