

Caterlite

Warming Tray

Instruction manual

**Model
CD562-A**

Safety Instructions

- Position on a flat, stable surface.
- A service agent/qualified technician should carry out installation and any repairs if required. Do not remove any components on this product.
- Consult Local and National Standards to comply with the following:
 - Health and Safety at Work Legislation
 - Fire Precautions
 - Wiring Regulations
 - Building Regulations
- DO NOT immerse the appliance in water, or use jet/pressure washers to clean the appliance.
- DO NOT leave the appliance unattended during operation.
- DO NOT allow the power cord to come into contact with the hot surface of the appliance.
- Avoid using heavy cast iron vessels with the appliance; these could damage the glass surface.
- Ensure the vessel base is smooth clean and dry before use.
- Always switch off and disconnect the power supply to the appliance when not in use.
- Not suitable for outdoor use.
- If the glass surface is cracked disconnect from the power supply and consult your Caterlite agent or recommended qualified technician.
- This appliance must only be used in accordance with these instructions and by persons competent to do so.
- Keep all packaging away from children. Dispose of the packaging in accordance to the regulations of local authorities.

- If the power cord is damaged, it must be replaced by a Caterlite agent or a recommended qualified technician in order to avoid a hazard.
- This appliance is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the appliance by a person responsible for their safety.
- Children should be supervised to ensure that they do not play with the appliance.
- Caterlite recommends that this appliance should be periodically tested (at least annually) by a Competent Person. Testing should include, but not be limited to: Visual Inspection, Polarity Test, Earth Continuity, Insulation Continuity and Functional Testing.

Introduction

Please take a few moments to carefully read through this manual. Correct maintenance and operation of this machine will provide the best possible performance from your Caterlite product.

Pack Contents

The following is included:

- Caterlite Warming Tray
- Instruction manual

Caterlite prides itself on quality and service, ensuring that at the time of unpacking the contents are supplied fully functional and free of damage.

Should you find any damage as a result of transit, please contact your Caterlite dealer immediately.

Operation

Note: This appliance is designed to keep food warm. DO NOT use it to reheat or cook food.

1. Connect the appliance to the mains power supply.
2. Turn the power switch to the On [I] position.
3. Set the temperature control to the desired position.
4. Place the utensil(s) on top of the appliance.

**Note: Do not overload the appliance.
Max. Weight: 20kgs**

Cleaning, Care & Maintenance

- Disconnect from the power supply and allow the appliance to cool before cleaning.
- Use warm, soapy water and a damp cloth to clean the appliance.
- DO NOT use abrasive cleaners or pads.
- Dry thoroughly after cleaning.

Troubleshooting

A qualified technician must carry out repairs if required.

Fault	Probable Cause	Solution
The unit is not working	The unit is not switched on	Check the unit is plugged in correctly and switched on
	Plug or lead is damaged	Replace plug or lead
	Mains power supply fault	Check mains power supply

Technical Specifications

Note: Due to our continuous improvement process, the product specifications are subject to change without notice.

Model	Voltage	Power	Current	Max. Load	Temperature range
CD562-A	220-240V~ 50/60Hz	230W	1A	20kg	60-105°C

Dimensions h x w x d mm	Weight (kg)
35 x 550 x 350	4.4 kg

Electrical Wiring

The plug is to be connected to a suitable mains socket.

This appliance is wired as follows:

- Live wire (coloured brown) to terminal marked L
- Neutral wire (coloured blue) to terminal marked N
- Earth wire (coloured green/yellow) to terminal marked E

This appliance must be earthed.

If in doubt consult a qualified electrician.

Electrical isolation points must be kept clear of any obstructions. In the event of any emergency disconnection being required they must be readily accessible.

Compliance

The product must not be disposed of as household waste. To help prevent possible harm to human health and/or the environment, the product must be disposed of in an approved and environmentally safe recycling process. For further information on how to dispose of this product correctly, contact the product supplier, or the local authority responsible for waste disposal in your area.

Caterlite parts have undergone strict product testing in order to comply with regulatory standards and specifications set by international, independent, and federal authorities.

Caterlite products have been approved to carry the following symbol:
