

PRODUCT SPECIFICATION

DALLE SS-06F

6-tray digital food dehydrator | 3 kg wet capacity

FOOD
DEHYDRATION

SS-06F six-tray dehydrator

PERFORMANCE SPECIFICATIONS

Rated drying capacity	3 kg wet weight
Rated voltage	220-240 V / 50-60 Hz
Rated power	500 W
Temperature range	30-85°C
Timer range	0-24 hours
Noise level	50-55 dB
Control type	Digital control
Preset programs	6 built-in programs

PHYSICAL DETAILS

Product size	345 x 395 x 225 mm
Number of trays	6
Tray size	300 x 280 mm
Rack gaps	35 mm

KEY FEATURES

- Six SUS304 food-grade stainless steel mesh trays
- Internal fan circulates hot air for efficient, even drying
- Digital temperature and time controls for straightforward setup
- Six built-in programs for common food categories
- Full-front glass window for clear process observation
- Stable drying temperature with reduced fluctuation
- Compact benchtop footprint for space-conscious kitchens
- Suitable for fruit, vegetables, jerky, herbs and pet snacks

APPLICATION

The SS-06F uses controlled low-temperature hot-air circulation to gradually remove moisture from food. Its six-tray format and adjustable 30-85°C range support drying fruit, vegetables, herbs, meat jerky, fruit leather and pet snacks while helping extend ingredient shelf life.
