Dr.Coffee F3 Series

Dr. Coffee's top-tier commercial flagship model, suitable for cafes, convenience stores, bakeries, hotels, and other venues, meets your ultimate commercial needs. Professional rotary pump, imported from Europe, offers high flow rates for continuous dispensing, ensuring each cup is a premium product. One-touch cold and hot creamy milk foam, allowing for free shaping and playful enjoyment of specialty coffee.

Delicate and smooth hot and cold milk foam system, adjustable density, automatic milk hose cleaning.

500kg grinding long-life ceramic flat burrs grinder, low noise, high-efficiency heat dissipation design, ensures even grinding of coffee beans, which can better bring out the unique taste characteristics of the coffee.

Application of professional leaf pump, milk pump, and dual grinder with dual boiler, greatly enhances production efficiency.

10.1-inch LCD touch screen, capable of making over thirty types of beverages with one touch, customizable wallpaper, USB data transfer support, multilingual including Chinese.

Feature

- Vane pump system
- Double Boiler System
- Dual Grinding System
- DIY Coffee
- One-Touch Milk Coffee
- Independent Hot Water Wand
- Brewer Quick Detach
- Tap water Supply
- Scheduled Milk Cleaning
- IoT Mobile Payment

Technical sheet

Bean Hopper Capacity (g)	1200*2
Powder Storage Capacity (g)	600/1000
Grounds box capacity (g)	100
Display orientation (Lateral)	10.1"
Rated voltage (V)	220-240
Rated frequency (Hz)	50/60
Rated power (W)	2900
Machine weight (kg)	48
Machine L*W*H (cm)	34*54*83

Capacity

Advised daily output (cups)	300
Hot water hourly output (L)	30
Hourly output (cups)	120
