

Fagor Stacking Kit for IKORE APW 061 and 101 Ovens 2AD-610-IKORE

Quick Overview

- The kits for ovens in the column are composed of a set of parts which allows the ovens to be positioned one above another.
- This type of assembly is carried out with GN 1/1 and GN 2/1 tray ovens, from any of the three electric ranges.
- The codes of the two ovens must be specified when placing the order, as well as the code of the kit of parts to carry out the assembly in the column.
- Factory built-in. Fagor Professional supplies the column of ovens ready assembled and finished from the factory.
- Available only with IKORE electric oven models.
