Description

IPC90 Insulated Front Loading Food Pan Carrier

The insulated IPC90 front loading food carrier is an alternative and efficient storage solution for your restaurant or café. Made with high quality long-life food grade polyethylene with double thickness – making the IPC90 virtually unbreakable.

This unique and specialised food carrier is spacious and is able to fit stacks of trays to store a variety of foods, meals and ingredients - with varying temperature levels from warming to cooling. It also comes packed with door gaskets and a pressure release valve to add to its list of features.

This carrier is easy to operate and a great option for storing your kitchen 's meals and ingredients.

Made From High-Quality Long-Life Food Grade Polyethylene (PE)

Our Carriers Are Attractive, Durable, Practically Unbreakable & Will Leave No Taste Or Odour In Foods
