

Gastronorm trolley for nesting 36×GN 1/1

Product code

0112525

Type

RWG/E 1/36 GN 75-B-U

FUNCTIONAL DESCRIPTION

Gastronorm trolley in high version for storing GN 1/1 containers and associated partition elements.

The Hupfer gastronorm trolley RWG / E 1 / 36 GN 75-B-U has the lowest empty weight in comparison to other products and therefore provides outstanding handling properties, while its rail spacing of 75 mm gives it a 50 % greater capacity (when GN containers without lids with a depth of 150 mm are placed in it).

EQUIPMENT FEATURES

Hygienic stainless steel surfaces

Hygienic stainless steel surfaces ensure a low-germ environment. The smooth, non-porous structure can be cleaned quickly and without leaving any residue. This saves you time, reduces cleaning costs and meets strict hygiene standards – ideal for commercial kitchens and medical areas. Robust, durable and reliable in daily use.

Disk bumpers

The elastic plastic rollers on all four corners of the appliance provide reliable protection against damage during transportation. Thanks to their simple design, they can be replaced quickly and without tools, which reduces maintenance costs and increases operational readiness.

High Manoeuvrability: 4 swivel castors, 2 with total locks

Four smooth-running swivel castors, two with total locks, enable precise manoeuvring in tight spaces and secure locking during operation. This equipment ensures optimal mobility while maintaining high directional stability and security.

Can be nested to save space

Empty trolleys can be pushed into each other to save space and thus significantly reduce storage requirements. This practical function optimizes the use of space in kitchens and storage rooms and provides more freedom of movement in the work area.

GENERAL TECHNICAL DATA

Rated capacity

Position	Rated capacity	Quantity
Total	GN 1/1	36
Alternative	GN 2/1	18
Width rated	659 mm	
Depth rated	739 mm	

Project _____

Order _____

Quantity _____

Date _____

Nominal height	1.686 mm
Width actual	659 mm
Depth actual	739 mm
Height	1.686 mm
Weight	24 kg
Payload	180 kg
Main material	Stainless steel

INSERT PROPERTIES

Insertions construction	U-rails
Insertion size	GN 2/1
Insertion type	Crosswise insertion
Capacity of trays	18
Pitch	75 mm
With tilt protection	Yes
With side push-through protection	Yes

MOBILITY

Castor equipment

castor_type	quantity
Swivel castor with lock	2
Swivel castor	2
Castor attachment	Round pin
Castor bearing type	Plain bearing
Castor housing material	Plastic
Wheel ø	125 mm

Gastronorm trolley for nesting 36×GN 1/1

Type of tyre tread	Rubber – Standard
Design of the locks	Total lock
Impact protection construction	Deflector rollers
