

VarioCart 2 shelves 600x400mm

Product code	Type
0112784	VC 6x4/2 S

FUNCTIONAL DESCRIPTION

The VarioCart 2 shelves 600x400mm by Hupfer serves to transport Euro crates.

- Hygienic stainless steel surfaces ensure a low-germ environment and quick, residue-free cleaning for strict hygiene compliance
- High payload capacity supports heavy equipment with robust shelves, enhancing flexibility in professional kitchens and medical settings
- Height-adjustable shelves enable tool-free customization to accommodate various container sizes and optimise storage efficiency
- Shelves perfectly sized for Euro containers guarantee secure placement and optimal use of space
- Sound-absorbing mats reduce noise levels, creating a quieter and more comfortable atmosphere

EQUIPMENT FEATURES

Hygienic stainless steel surfaces

Hygienic stainless steel surfaces ensure a low-germ environment. The smooth, non-porous structure can be cleaned quickly and without leaving any residue. This saves you time, reduces cleaning costs and meets strict hygiene standards – ideal for commercial kitchens and medical areas. Robust, durable and reliable in daily use.

High payload

With up to 100 kg load per shelf and a total load capacity of 300 kg, the station offers maximum flexibility for heavy equipment. Ideal for professional use in commercial kitchens and medical areas.

Disk bumpers

The elastic plastic rollers on all four corners of the appliance provide reliable protection against damage during transportation. Thanks to their simple design, they can be replaced quickly and without tools, which reduces maintenance costs and increases operational readiness.

Optimised for Euro containers

The dimensions of the shelves are perfectly matched to the standard dimensions of Euro containers (600 x 400 mm). This ensures optimum use of space and that the containers stand securely without slipping.

Stable shelf connection

The stable shelf connection absorbs vibrations and dynamic driving forces during handling.

Height-adjustable shelves

The practical plug-in system allows flexible height adjustment of the shelves without tools. This allows you to adjust the heights to suit different container sizes and stored goods - for maximum efficiency in the kitchen and warehouse.

Shelves with sound-absorbing mats

The sound-absorbing mats supplied effectively reduce the noise level. This creates a quieter atmosphere in the guest area – for greater well-being and comfort.

GENERAL TECHNICAL DATA

Width rated	600 mm
Depth rated	400 mm
Nominal height	715 mm
Width actual	740 mm
Depth actual	485 mm
Height	715 mm
Weight	6 kg
Payload	200 kg
Main material	Stainless steel

INTERIOR PROPERTIES

Board construction	Height-adjustable shelf With sound insulation board
Number of shelves	2
Load capacity per shelf	100 kg
Execution of board rim	Profile edge

MOBILITY

Set of castors	2 swivel castors with brakes 2 swivel castors
Castor attachment	Back hole
Castor bearing type	Ball bearing
Castor housing material	Plastic
Wheel ø	125 mm
Type of tyre tread	Rubber – Standard

VarioCart 2 shelves 600×400mm

Wheels with thread guard	Yes
Antistatic wheels	No
Impact protection construction	Deflector rollers
Push handle construction	Push bar
