## PRODUCT BENEFITS

- Ergonomic design for easy product access
- Flexible shelving configurations to optimise merchandising
- Best visual impact for products with energy efficient LED lighting
- Low Total Energy Consumption to save on total energy costs
- Ensured product temperature compliance tested
- Designed for modular configurations to suit many store formats
- Small footprint with maximised display area
- Reinforced shelving to suit varied product weight
- Environmentally sustainable design using natural refrigerant
- Adjustable feet for easy levelling installation
- Easy plug-in on-site installation
- Low reflective E-coated glass for improved product visibility and temperature control
- Flexible dual temperature cabinet (LT and MT) that easily changes from freezer to chiller to provide optimised merchandising to meet customer demand
- Bottom front drainage opening for easy cleaning

## STANDARD FEATURES

- External and internal food grade plasticised metal sheet finish
- Single horizontal front mounted 5700K LED light
- Ticket strips
- Rubber bumper (black)
- Static refrigeration system with copper evaporator
- Digital controller with temperature display
- Ventilated condensing unit
- Glass sliding doors
- Automatic hot-gas defrost installed
- Dividers and shelves provided based on length (1700 - 2/3, 2200 - 3/4, 2500 - 4/5, 1940 - 3/4)
- Refrigerant: R290
- EC fan motors

## CUSTOMISATIONS

### Shelving & Base Shelf

- Additional shelves and dividers
- Baskets

### Lighting

- Additional rear mounted LED lighting available

### Other

- Castors
- Brushed stainless steel kickplate
- Rear metal joining kit for island configurations
- Other foot heights available (75mm, 110mm)
- Alternative bumper colour options available
- External and internal colours available on request

### Energy & Sustainability

- ARCH-VS series with variable speed compressor (inverter)
- Modbus ready
