Ice-cream chest freezer

LED

Gross/net capacity	107/80 litre
Ext. dimensions in mm (w/d/h)	751/481/825
Int. dimensions in mm (w/d/h)	605/315/657
Energy consumption in 365 days / 24 hours (kWh)	389 / 1.067
Ambient temperature range	+10°C to +35°C ¹
Refrigerant	R 600a
Connection Rating	1.5 A / 123 W
Frequency / Voltage	50 Hz / 220-240 V~
Cooling system	static
Defrosting	manual
Temperature range	-10°C to -24°C
Housing material/colour	steel/white
Lid material	Glass
Liner Material	steel
Type of Control	analogue controls
Temperature display	external analogue
Interior light	Full width LED strip
Number of baskets	3
Castors	swivel castors
Lock	fitted
Defrost water drain	yes
Gross/net weight	42.7/39.0 kg
EAN-Nr.	9550000024984

Features

Environmentally friendly refrigerants

Liebherr appliances are optimised for maximum energy efficiency and low operating costs. We only use the natural and environmentally-friendly refrigerants R 600a and R 290. When used with highly efficient compressors, these are extraordinarily efficient and, with their low global warming potential, also future-proof.

Efficient refrigeration system

Liebherr guarantees the outstanding quality of its refrigeration systems through expertise derived from decades of experience in the refrigeration technology sector, and through continuous research and development. By employing only premium-quality compressors, condensers, evaporators and other refrigeration components the energy consumption and operating costs of Liebherr appliances are significantly reduced.

Tempered single-pane safety glass

The single-pane safety glass is made from a single, thermally-treated and tempered pane that is highly resistant to wear, impact and temperature fluctuations.

Suspension baskets

The suspension baskets allow goods to be organised with ease and clearly presented for optimum effect. Horizontal LED lighting optimally illuminates the products for attractive presentation.

High impact product presentation

The energy-saving LED interior lighting provides the ideal presentation of the products stored

Technical drawing

Products and their details are staged for advertising purposes. Whilst every effort is made to ensure all specifications and information in this flyer are accurate, Liebherr reserves the right to make changes without notification. Where actual appliance measurements, specifications, and ratings are crucial, we recommend that the actual appliance installation instructions that accompany each appliance be checked. Liebherr will not be liable for any damage. (29.11.2023)
