

432mm WIDE MASTER SERIES TARGET TOP ATTACHMENT WITH STORAGE BASE

The Extra Heavy Duty Master Series' modular approach combines the convenience of custom kitchen design with proven, premium quality components to deliver world class functionality.

Featuring stainless steel construction front and sides, large front 'plate rail' 191mm deep and 2.5mm thick.

Dual cast-iron 'knuckle' burners sit below removable cast-iron ring and lid for concentrated heat at the target area with heat graduating further away from the target. Protected individual pilot lights and flame failure as standard. Large 683mm deep work surface fits three 300mm pots easily and the design allows pots to slide across the surface easily.

Large easy-to-use control knobs are located beneath the front rail protected from any potential spills. The modular top sits on of top the 683mm high storage base.

STANDARD FEATURES

- 152mm chrome steel adjustable legs
- Modular 1¼" front manifold
- Removable front-mounted s/steel grease receptacle
- 250mm stainless steel backguard
