DESCRIPTION

Freestanding gas fryer on cabinet base, in AISI 304 stainless steel. 20/10 gauge flush alignment top. Pressed AISI 304 stainless steel cooking tank, with radiused internal profile. Tank capacity 23 litres. Tank with wide front expansion zone for oil and foam and extended cold zone for collection of food particles. Heating by means of external stainless steel burners with optimized flame distribution. Heat is adjusted by means of the thermostatic safety valve with thermocouple. Main burner ignition by means of pilot burner. Piezoelectric ignition with waterproof cap on control panel. Temperature of oil in tank controlled by mechanical thermostat, with adjustment from 100 to 185 °C. Safety thermostat with manual reset. Removable filter, basket, lid and pipe for supplied drain tap. Appliance equipped with stainless steel adjustable feet.
