

INSTALLATION REQUIREMENTS

This equipment must be installed by a qualified technician.

At Rancilio we pride ourselves in developing a high performance product that is truly world class. Each machine is handmade and tested before leaving our Milan factory. It is critical that similar care is dedicated to installation.

Your machine is supplied with a 12-month parts and labour warranty however it is important to note **that failures arisen by improper use or installation are not covered by this warranty:**

To mitigate risk of improper or unsafe installation Rancilio strongly recommends the use of approved installation partners.

Our partners are trained to undertake specific installation and commissioning processes to ensure a long life and quality coffee delivery:

- Unpacking and positioning
- Connection to water, waste, and electrical services
- Calibration and programming
- Operational training
