WARRANTY:	1 Year (refer to website)

Griddles

Directs Heat Where It Needs To Be | Fast Cooking With Rapid Heat Recovery | 3 Models

Precisely cook a variety of food from steaks, chicken, fish and burger patties, fritters to eggs and bacon. Featuring uniquely designed elements that provide maximum temperature penetration specifically into the thick, steel griddle plate - results in a smooth, controllable and even temperature across the cooking surface.

Roband Griddles help achieve:

- 1) Faster cooking times with rapid temperature recovery when loaded with food
- 2) Lower power consumption and heat losses
- 3) Even temperatures for professional cooking
- 4) Reliable food quality outcomes

FEATURES

- 8 mm thick griddle plates for superior heat retention
- Superior, compacted griddle plate elements for fast temperature recovery and reliable temperature control
- Thermostat control for precise cooking temperature. Dual on G700 for control of left and right side of plate
- Large capacity forward positioned grease box which is dual skin for lower touch temperatures and integrated into machine to reduce risk of spillage and minimise bench space

SPECIFICATIONS

MODEL	POWER Watts	CURRENT Amps	PHASE	DIMENSIONS ^ w x d x h (mm)	COOKING SURFACE w x d (mm)
G500	2300	10	1	538 x 443 x 263	515 x 340
G500XP	3450	15	1	538 x 443 x 263	515 x 340
G700*	4240	18.4	1 or 2 (+N)	725 x 529 x 263	700 x 400

*Installation must be carried out by a licensed electrician. For this reason, the G700 model does not come with a plug and cord. The decision on connection options should be made under consultation with your electrician. Can be wired for Single Phase or 2 phase + n. We recommend using more than 1 phase for this machine as multiple phases will help evenly balance load and will reduce stress on product components. ^Dimensions include grease box.
