

# SKOPE only uses Powder Coating for a long-lasting, superior finish

Powder coating is a high quality paint, providing a more durable finish than liquid paints can offer, with an attractive finish and minimal environmental impact.

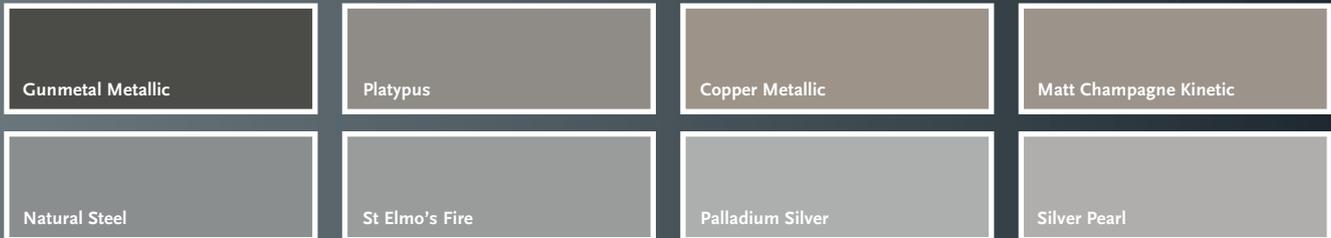

## Benefits of Powder Coating:

- ✓ Dulux industrial grade coating
- ✓ Thicker more uniform coating without running or sagging
- ✓ Complete coverage
- ✓ Maximum adhesion to galvanised surfaces
- ✓ Easy to create many specialty effects
- ✓ Wide choice of finishes from clear, matt, gloss, metallic or textured
- ✓ An extensive range of colour options
- ✓ Exceptional gloss and colour retention
- ✓ Corrosion resistant
- ✓ Abrasion, acid and solvent resistance
- ✓ Extended paint life from SKOPE's special pre-coating surface treatment
- ✓ Environmentally friendly and an energy efficient process
- ✓ Does not contain solvent
