The SPM-45 is a simple hand operated machine which can create big profits for your business. It can make a wide range of different products by simply changing the dies. All finished products will have a perfect seal with no need to brush the edges with egg wash or other sealants.

1. Place dough on die

2. Add filling and
rotate handle 1/2 turn

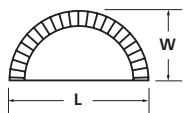

3. Finished product
drops at bottom

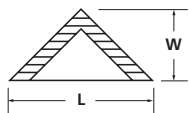

- Compact design, simple, easy to clean
- Guaranteed savings on dough and fillings
- Perfect dough seal translates to oil savings on fried products
- Enhances appearance and consistency of finished products
- Increase production (up to 500 pieces per hour)
- Custom designed dies available
- Wide selection of dies in various shapes
