

according to WHS Regulation

**B 200 S**

Revision date: 06.12.2023

Product code: 89300203

Page 1 of 9

**Section 1 - Identification****Product identifier**

B 200 S

**Recommended use of the chemical and restrictions on use****Use of the substance/mixture**

All-purpose rinse aid

**Prohibited carcinogens, restricted carcinogens and restricted hazardous chemicals as listed in WHS****Schedule 10**

None

**Details of manufacturer or importer****Manufacturer**

Company name: Winterhalter Gastronom GmbH  
Street: Winterhalterstrasse 2 - 12  
Place: D-88074 Meckenbeuren  
Telephone: +49 7542 4020  
e-mail: info@winterhalter.com  
Contact person: Business Unit Chemicals  
e-mail: sds@winterhalter.com  
Internet: www.winterhalter.com

**Supplier**

Company name: Winterhalter Australia Pty Ltd  
Street: Unit 1/1, Glendenning Road  
Place: AUS-2761 Glendenning NSW  
Telephone: +61 296 45 3221  
e-mail: sales@winterhalter.com.au  
Contact person: Business Unit Chemicals  
e-mail: sds@winterhalter.com  
Internet: www.winterhalter.com.au

**Emergency phone number:**

Domestic emergency number (Chemtrec): +61 2 9037 2994  
international emergency number (Chemtrec): +65 3163 8374

**Section 2 - Hazard(s) identification****Classification of the hazardous chemical****WHS 2021**

Substances or mixtures corrosive to metals: Met. Corr. 1  
Skin corrosion/irritation: Skin Corr. 1  
Eye damage/irritation: Eye Dam. 1

**Label elements, including precautionary statements****WHS 2021****Hazard components for labelling**

Citric acid: 10 - < 30 %  
Alcohols, C12-14 (even numbered), ethoxylated propoxylated (>2.5 moles EO/PO): < 10 %  
Sodium p-cumenesulphonate: < 10 %

**Signal word:** Danger

## Safety Data Sheet

according to WHS Regulation

## B 200 S

Revision date: 06.12.2023

Product code: 89300203

Page 2 of 9

## Pictograms:

corrosion

## Hazard statements

- H290 May be corrosive to metals  
H314 Causes severe skin burns and eye damage

## Precautionary statements

- P280 Wear protective gloves and eye/face protection.  
P305+P351+P338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.  
P337+P313 If eye irritation persists: Get medical advice/attention.  
P501 Dispose of waste according to applicable legislation.

## Other hazards

No information available.

## Section 3 - Composition and information on ingredients

## Mixtures

## Hazardous components

| CAS No     | Chemical name                                                                 | Quantity    |
|------------|-------------------------------------------------------------------------------|-------------|
| 77-92-9    | Citric acid                                                                   | 10 - < 30 % |
| 68439-51-0 | Alcohols, C12-14 (even numbered), ethoxylated propoxylated (>2.5 moles EO/PO) | < 10 %      |
| 15763-76-5 | Sodium p-cumenesulphonate                                                     | < 10 %      |

## Section 4 - First aid measures

## Description of necessary first aid measures

## General information

First aider: Pay attention to self-protection! Remove affected person from the danger area and lay down.

## After inhalation

Provide fresh air. Medical treatment necessary.

## After contact with skin

After contact with skin, wash immediately with plenty of water and soap. Take off immediately all contaminated clothing and wash it before reuse. If skin irritation occurs: Get medical advice/attention.

## After contact with eyes

In case of contact with eyes flush immediately with plenty of flowing water for 10 to 15 minutes holding eyelids apart and consult an ophthalmologist.

## After ingestion

Rinse mouth immediately and drink 1 glass of water. Do NOT induce vomiting. Adverse human health effects and symptoms: Gastric perforation. Call a physician immediately. Do not allow a neutralisation agent to be drunk.

## Symptoms caused by exposure

No information available.

## Medical attention and special treatment

Treat symptomatically.

## Section 5 - Firefighting measures

**Safety Data Sheet**

according to WHS Regulation

**B 200 S**

Revision date: 06.12.2023

Product code: 89300203

Page 3 of 9

**Suitable extinguishing equipment****Suitable extinguishing media**

Co-ordinate fire-fighting measures to the fire surroundings.

**Specific hazards arising from the chemical**

Non-flammable.

**Special protective equipment and precautions for firefighters**

Wear a self-contained breathing apparatus and chemical protective clothing. Full protection suit.

Hazchem code: 2X

**Additional information**

Suppress gases/vapours/mists with water spray jet. Collect contaminated fire extinguishing water separately.

Do not allow entering drains or surface water.

**Section 6 - Accidental release measures****Personal precautions, protective equipment and emergency procedures****General advice**

Provide adequate ventilation. Do not breathe gas/fumes/vapour/spray. Avoid contact with skin, eyes and clothes. Use personal protection equipment.

**Environmental precautions**

Do not allow to enter into surface water or drains.

**Methods and materials for containment and cleaning up****For cleaning up**

Absorb with liquid-binding material (sand, diatomaceous earth, acid- or universal binding agents). Treat the recovered material as prescribed in the section on waste disposal.

**Reference to other sections**

Safe handling: see section 7

Personal protection equipment: see section 8

Disposal: see section 13

**Section 7 - Handling and storage****Precautions for safe handling****Advice on safe handling**

If handled uncovered, arrangements with local exhaust ventilation have to be used. Do not breathe gas/fumes/vapour/spray.

**Advice on protection against fire and explosion**

No special fire protection measures are necessary.

**Advice on general occupational hygiene**

Remove contaminated, saturated clothing immediately. Draw up and observe skin protection programme.

Wash hands and face before breaks and after work and take a shower if necessary. When using do not eat, drink, smoke, sniff.

**Conditions for safe storage, including any incompatibilities****Requirements for storage rooms and vessels**

Keep container tightly closed. Keep locked up. Store in a place accessible by authorized persons only. Provide adequate ventilation as well as local exhaust at critical locations. Unsuitable container/equipment material:

Metal.

**Hints on joint storage**

No special measures are necessary.

**Section 8 - Exposure controls and personal protection**

**B 200 S**

Revision date: 06.12.2023

Product code: 89300203

Page 4 of 9

**Exposure control measures****Additional advice on limit values**

To date, no national critical limit values exist.

**Exposure controls****Appropriate engineering controls**

Ensure sufficient ventilation, especially in closed rooms.

**Individual protection measures, for example personal protective equipment (PPE)****Eye and face protection**

Suitable eye protection: Eye glasses (EN 166)

**Hand protection**

Use of protective gloves (EN ISO 374-1 / Typ B (KPT))

**Skin protection**

Wear suitable protective clothing.

**Respiratory protection**

Not required if handled as intended.

In case of intensive or prolonged exposure wear self-contained breathing apparatus (EN 133).

**Section 9 - Physical and chemical properties****Information on basic physical and chemical properties**

|                                                           |                        |
|-----------------------------------------------------------|------------------------|
| Physical state:                                           | Liquid                 |
| Colour:                                                   | colourless             |
| Odour:                                                    | product-specific       |
| Melting point/freezing point:                             | 0 °C                   |
| Boiling point or initial boiling point and boiling range: | 100 °C                 |
| Flammability:                                             | not applicable         |
| Lower explosion limits:                                   | not applicable         |
| Upper explosion limits:                                   | not applicable         |
| Flash point:                                              | not determined         |
| Auto-ignition temperature:                                | not determined         |
| Decomposition temperature:                                | not determined         |
| pH-Value (at 20 °C):                                      | 1,8                    |
| Water solubility:                                         | easily soluble         |
| Solubility in other solvents                              | not determined         |
| Partition coefficient n-octanol/water:                    | not determined         |
| Vapour pressure:                                          | not determined         |
| Density (at 20 °C):                                       | 1,06 g/cm <sup>3</sup> |
| Relative vapour density:                                  | not determined         |

**Other information****Information with regard to physical hazard classes****Explosive properties**

The product is not: Explosive.

**B 200 S**

Revision date: 06.12.2023

Product code: 89300203

Page 5 of 9

Oxidizing properties

The product is not: oxidising.

**Other safety characteristics**

Evaporation rate:

not determined

Solid content:

not determined

Viscosity / dynamic:  
(at 20 °C)

&lt; 10 mPa·s

**Section 10 - Stability and reactivity****Reactivity**

Reactions with metals with hydrogen evolution.

Reacts with water and alkalis, generating heat.

**Chemical stability**

The product is stable under storage at normal ambient temperatures.

**Possibility of hazardous reactions**

Exothermic reaction with: alkali

Hydrogen, in reactions with metals.

**Conditions to avoid**

none

**Incompatible materials**

Metal.

Keep away from: alkali

**Hazardous decomposition products**

No decomposition when stored and used as directed.

**Section 11 - Toxicological information****Information on toxicological effects****Acute toxicity**

Based on available data, the classification criteria are not met.

| CAS No     | Chemical name                                                                 |                  |         |                  |          |

**Irritation and corrosivity**

Causes severe skin burns and eye damage (On basis of test data)

Causes serious eye damage (On basis of test data)

**B 200 S**

Revision date: 06.12.2023

Product code: 89300203

Page 6 of 9

**Sensitising effects**

Based on available data, the classification criteria are not met.

**Carcinogenic/mutagenic/toxic effects for reproduction**

Based on available data, the classification criteria are not met.

**STOT-single exposure**

Based on available data, the classification criteria are not met.

**STOT-repeated exposure**

Based on available data, the classification criteria are not met.

**Aspiration hazard**

Based on available data, the classification criteria are not met.

**Information on other hazards****Endocrine disrupting properties**

No information available.

**Further information**

The mixture is classified as hazardous according to regulation (EC) No 1272/2008 [CLP].

**Section 12 - Ecological information****Ecotoxicity**

The product is not: Ecotoxic.

**Persistence and degradability**

The product has not been tested.

**Mobility in soil**

The product has not been tested.

**Endocrine disrupting properties**

This product does not contain a substance that has endocrine disrupting properties with respect to non-target organisms as no components meets the criteria.

**Other adverse effects**

## Safety Data Sheet

according to WHS Regulation

## B 200 S

Revision date: 06.12.2023

Product code: 89300203

Page 7 of 9

No information available.

## Further information

Do not allow to enter into surface water or drains. Do not allow to enter into soil/subsoil.

## Section 13 - Disposal considerations

## Disposal methods

## Disposal recommendations

Do not allow to enter into surface water or drains. Do not allow to enter into soil/subsoil. Dispose of waste according to applicable legislation.

## Contaminated packaging

Non-contaminated packages may be recycled. Handle contaminated packages in the same way as the substance itself.

## Section 14 - Transport information

## Land transport (ADG)

**UN number:** UN 3265  
**UN proper shipping name or technical name:** CORROSIVE LIQUID, ACIDIC, ORGANIC, N.O.S. (Citric acid)  
**Transport hazard class:** 8  
**Packing group number:** III  
Hazard label: 8

## Marine transport (IMDG)

**UN number or ID number:** UN 3265  
**UN proper shipping name or technical name:** CORROSIVE LIQUID, ACIDIC, ORGANIC, N.O.S. (Citric acid)  
**Transport hazard class:** 8
