

JDR-520B Bench Dough Sheeter

Quick Overview

- Tyrone Bench Model Sheeter
- Single phase
- Belt Width: 500mm
- Table Length: 830mm
- Adjustable Thickness: 1-35mm
- Large roller opening: 40mm (with large hard chrome rollers)
- Dough Weight Capacity: 5kg

Description

JDR-520B Bench Dough Sheeter

Key Features

- Tyrone Bench Model Sheeter
- Single phase
- Belt Width: 500mm
- Table Length: 830mm
- Adjustable Thickness: 1-35mm
- Large roller opening: 40mm (with large hard chrome rollers)
- Dough Weight Capacity: 5kg
- Steel, stainless steel & aluminium (not plastic components & casings like many other sheeters)
- Easy to remove & clean scraper assemblies with low replacement cost
- Safety guards with internal safety switching
- Quality food grade conveyor belt (not a cotton belt)
- No external switches to allow flour entry & subsequent damage
- Internal mechanism locks rollers in position, no ratchet to wear & possibly catch operator's knuckles
- Allows easy access in folded position to conveyor drive-rollers for cleaning (unlike other sheeters)
- Poor cleaning enables dough build up on the rollers causing a bump under the sheeting belt, this can catch on the scrapers thus ripping the belt

2 Years Parts and Labour Warranty
