965	= 965mm Wide

Left Hand Drain & Left Hand Hinged Door
 - Add L to code CR.RPR.SC.L.965

Accessories

2/1 GN Trolley - Simply Stainless
 - Supplied flat packed SS16.2/1 ready for assembly

Technical Data:

Dimensions: W x D x H: 965 x 1177 x 2360
 Total Connected Load: 2.4kW
 Electrical Connection: 240V 1Ø + N + E

Product Information:

- Keeps contents at a cool +2°C to +4°C in 20°C controlled environment
- The combination of an air curtain and fan forced refrigeration from the top, back and each side creates a uniform temperature within the refrigerator
- The door at the foot of the refrigerator assists with maintaining the internal temperature by minimising the loss of refrigerated air while still allowing a trolley to be rolled in and out and loaded without constantly opening the door
- For extended holding periods, a roller curtain is provided which magnetically seals opening to the top of the door
- Heater wire in cabinet fascia to prevent condensation
- L.E.D. lighting provides illumination to the interior
- Robust stainless steel construction
- Fitted with roll-in roll-out to base of refrigerator
- Suits 1 x 2/1 gastronorm trolley (sold separately)
- Condensate drain is located on right hand side of the refrigerator as standard. Additionally the door to the foot of the refrigerator is right hand hinged as standard.
- The refrigerator can be ordered with left hand drain and hinged door by adding ".L" to code
- Condensate is to be plumbed to waste
