

PLATE DISPENSER TUBES

AMBIENT & HEATED

- Dispensing tubes suit 210-290mm plates, 270-305mm plates and 300-335mm plates
- Plate dispenser tubes are designed to be installed into a cut out in a new or existing bench top allowing for simple, inexpensive installation
- Each tube is adjustable to enable it to take various size plates
- Multi-spring mechanism gives easy adjustment for different plate weights

Ambient

- Open configuration

Heated

- Heating element located in base, controlled by remote (up to 1500 mm) thermostat, adjustable. Thermostat and isolating switch mounted to special panel
- Includes full stainless steel shroud
