## DESCRIPTION

The Clear Cover— Enhanced Patient Station is a clear, plastic cover that can be added to the Responder 5 Enhanced Single Patient Station to prevent accidental pressing of the additional call buttons, such as Staff Assist and Code. The cover has a lip at the bottom to easily allow staff to flip the cover up to access the buttons. A specially sized and shaped antimicrobial bio-seal comes with the cover to allow for easy disinfecting of the buttons. The Cancel button is not covered to allow quick canceling of calls.
